

WELDSTONE GmbH · Floßerweg 10 · D-35418 Buseck

For our Business Partners

Buseck, 21<sup>st</sup> December 2018

**Information acc. to Article 33 of the REACH Directive (EC) No. 1907/2006**

Please forward this information to all relevant departments.

Dear Business Partner,

The Regulation (EC) 1907/2006 of the European Parliament and of the Council concerning the registration, evaluation, authorization and restriction of chemicals (REACH) governs the manufacture, the placing on the market and the use of chemical substances and mixtures produced thereof with in the EC. Furthermore, the REACH Regulation also contains requirements with respect to the passing on of information along the value chain.

You are purchasing products from us which may contain steel-, aluminium- or copper alloys. In the sense of the REACH Regulation and in contrary to substances, these products are **exempted from registration**.

According to Article 33 of the REACH-Regulation suppliers of products are required to inform their customers when the product contains a substance listed on the REACH candidate list (SVHC list) at a concentration exceeding 0.1 mass percentages.

We herewith would like to inform you that some of our products contain the following substance of the SVHC list in concentrations of up to 4 mass percentage:

**Lead (Pb) CAS: 743-92-1 EINECS: 231-100-4**  
**Date of registration: 27.06.2018**

The **conformity with Directive 2011/65/EU** concerning the restriction of the use of certain hazardous substances in electrical and electronic equipment is **not affected by this**.
